

## Faith, Hope & Will

Keep the faith  
Have hope in your heart  
And the will  
To fight the good fight  
You are not alone  
At the end of the day  
We are all on the same team  
Regardless of where we are from,  
Member or non-member  
The Community is counting on us  
To lead them through  
This unprecedented time  
We must pull together  
And March arm in arm towards our foe  
When you feel defeated  
Draw strength by Honoring those  
Who have come before us  
Our family, Our leaders, Our ancestors  
Never forget those whose  
Shoulders we stand on  
During that quiet time of self-reflection  
You may ask the question  
How much more can I do?  
Always remember  
Those who come after us  
Will stand on our shoulders one day  
Keep the faith  
Have hope in your heart  
And the will to fight the good fight
